

ROSE PETALS TOUCHING GROUND

Pentecost Retreat

16th-20th May 2024

Hof Ruckardshausen - South Germany

Rosebud, what didst thou do all night?

With folded hands
I was praying to heaven
to open my heart.

ROSE PETALS TOUCHING GROUND

16th - 20th May 2024

The teachings of Hazrat Inayat Khan and the Dances of Universal Peace inspired by Murshid S.A.M. are wonderful ways to open our hearts. Dance means one thing to one person and something else to another, a teaching is received differently by each heart. We each discover in our own way, what is important for our soul's unfolding.

Similarly, each teacher we have met and everyone we will meet in the future, conveys an experience, knowledge and atmosphere in a personal and unique way. Rose Petals Touching Ground is an opportunity for us to meet some teachers and experience some new ways that the gems of our Sufi path are shared.

Our tools on the way:

teaching, dance, wazaif, breath, harmonic singing,
stories, silence, meditation...

This year as a guest in our team:

Aliela

Aliela is an inspiring leader of Dances of Universal Peace and Joy of Singing practices, she is a sufi guide, cherag (interfaith minister) and professional musician. Her roots are in Russia and Israel. Currently she lives and leads community in Moscow. For many years now she has been a travelling teacher and offered classes, concerts, workshops and retreats in Russia and European countries.

"I do believe that through our practices we can learn the deep listening to our soul's music, its unique voice and melody! Recognising this Music makes us happy, makes us alive, brings us closer to our "true self ". This is the good medicine and the way to get in touch with who we really are".
